My feeling of wanting to see what Shizuo does for
24 hours ended up becoming this book.
I feel like I just kept saying, "This Shizu" while writing this.
My thanks to the other two who joined me in this!
Gah No time...

· He got the handkerchief from Kasuka so he's careful with it.
· He doesn't forget to give thanks before eating.

The next page is by a wonderful guest!
Shizuo was seriously adorable.
Thank you~~~

Thanks for having me! Kanome (´<`)
